

Hi All,

On the back of the women's club meetings & workshop earlier in the year and in line with NZ Football's strategic priority around the women's game, AFF have created a **FREE** informal coach education opportunity specifically for coaches of female teams and players.

This 2-hour workshop will provide a comprehensive look at meeting the needs of female players and teams as outlined below and I would **strongly** encourage you get as many coaches of your club female teams there as you can. The workshop and content has been prepared well in advance to ensure early communication to try to reach the biggest audience possible.

Coaches in the female game have a huge bearing on continued participation for women's players and this largely interactive workshop will provide attendees with a practical tool kit to use in their own environment including an insight on how to construct and deliver appropriate training sessions and effectively manage the match day experience for female players.

The workshop will cover the following:

- How she thinks
- What she values
- Why she plays
- What that all means for coaches
- Interactive activities: Creating a prototype female coach, creating your training session, managing match-day

See below for date, location and registration link details.

AFCN Workshop – Coaching Female Players/Teams

When: Monday 31 July, 6.30pm

Where: Ellerslie AFC, Michaels Avenue Reserve, Ellerslie

Cost: **FREE**

Registration: <https://membership.sportstg.com/regofrm.cgi?formID=14305>

Cheers,
